

IV Therapy and Blood Withdrawal Certification Course

Course Description:

The focus of the course will be to prepare the Licensed Vocational Nurse (LVN) for initiating and maintaining common Intravenous (IV) Therapies and Blood Withdrawal Techniques. The Course will cover minimal competencies for California IV Certification and Blood Withdrawal, Scope of Practice, and Regulations for the Licensed Vocational Nurse (LVN).

The Course includes lectures, power point presentations, handouts, written quizzes, demonstrations and return demonstrations. Skills will be held in the Skills Lab and participants will practice on mannequins and will be required to successfully insert three IV and three blood withdrawals in humans to complete the course. The fee includes a textbook of IV Therapy which will be used throughout the Course and Skills Lab.

A Certification of Attendance and Completion of the Course will be provided to the Licensed Vocational Nurse (LVN) and the BVNPT will be notified in writing. Thirty-six (36) continuing education units will be awarded (Provider Approval Code # V10673 and Course Approval Code # IB 2403) to the LVN.

If the participant has not taken and passed the NCLEX-PN Exam, the Certificate of Attendance and Completion of the Course will be held by the School. It is the responsibility of the student to notify the School when notification by the BVNPT that he/she has successfully passed the NCLEX - PN. Upon notification, the School will in writing notify the BVNPT of the Certificate of Attendance and Completion of the Program and a Certificate will be awarded, with thirty-six (36) CEUs.

Length of Training:

Five (5) days of theory and skills training from 8:00 AM to 5:00 PM with one hour for lunch.

* Homework will be assigned and must be completed to successfully finish the Course.

Revised 9/1/09, 10/15/09, 03/19/10
